

## Mission

The StreamNet Library provides access to technical information and research on the Columbia River Basin ecosystems. Created as a repository for documents cited by the StreamNet Project database, the Library serves the scientific community of the Pacific Northwest.

The StreamNet Library is part of the StreamNet Project. StreamNet is a component of the Northwest Power & Conservation Council's Fish and Wildlife Program.

Funding for the Library is provided by the Bonneville Power Administration, with assistance from the Columbia River Inter-Tribal Fish Commission.

### StreamNet Project participants include:

Bonneville Power Administration  
Columbia River Inter-Tribal Fish Commission  
Idaho Dept. of Fish and Game  
Montana Fish, Wildlife & Parks  
Oregon Dept. of Fish and Wildlife  
Pacific States Marine Fisheries Commission  
U.S. Fish and Wildlife Service  
Washington Dept. of Fish and Wildlife

### StreamNet Project cooperators include:

Audubon Society of Portland  
CalFish  
Johnson Creek Watershed Council  
National Marine Fisheries Service (NOAA Fisheries)  
Northwest Power & Conservation Council  
U.S. Environmental Protection Agency  
U.S. Geological Survey, Columbia River Research Lab

# Library Services

## Access and Location

We are open to the public from 830 am until 430 pm, Monday through Friday. Appointments are not necessary, but encouraged to assure staff availability. Please make an appointment for evening or weekend access. The Library is wheelchair accessible.

The Library is associated with the Columbia River Inter-Tribal Fish Commission, located at 729 NE Oregon St, Ste 190.

## Resources

The Library contains books, journals, technical reports, maps, videotapes, etc. Our growing collection (20,000+ titles) can be accessed via the library catalog on the Internet at <http://www.fishlib.org>.

## Staff

Library staff members are available to help with your research and information needs.

Regional Librarian:

Lenora A. Oftedahl 503-736-3581  
[oftl@critfc.org](mailto:oftl@critfc.org)

Asst. Librarian:

David M. Liberty 503-238-3558  
[libd@critfc.org](mailto:libd@critfc.org)

Library Technician:

Gabe Sheoships 503-731-1304  
[sheg@critfc.org](mailto:sheg@critfc.org)

## Reference and Referral

Library staff will gladly assist you in finding resources to answer your questions. We will also assist you in locating other libraries, as necessary, to fulfill your information needs. If travel to another library is inconvenient, we can arrange for Interlibrary borrowing.

## Online Searching

Visitors to the Library may use the following resources:

World Wide Web, including access to Federal and State government information

Ebsco's Environment Complete  
FirstSearch databases from OCLC

Other informational CD-ROMs

## Lending and Interlibrary Borrowing

Much of our collection must be used onsite; however, a copier is available. For your convenience, if you cannot visit the Library, you may initiate a loan through your usual library. Please contact us directly if you do not have library service available.

There are some cost recovery fees associated with our services and equipment. Please inquire at the Information Desk. We will let you know about applicable fees in any responses to telephone or email queries.

*"We do not see knowledge as personal property, but as something that belongs to all our people."  
— Atencio Lopez, Kuna indigenous leader.*
